## What MRC accreditation means

The Nielsen Radio Service has been accredited by the Media Rating Council (MRC) since 1968. To merit continued MRC accreditation, Nielsen: (1) adheres to the Council's

Minimum Standards for Media Rating Research; (2) supplies full information to the MRC regarding details of its operation; (3) conducts its measurement service substantially in accordance with representations to its authorized users and the Council; and (4) submits to and pays the cost of thorough annual audits of accredited Nielsen services by CPA firms engaged by the MRC.

In addition to paying sizable audit charges, Nielsen provides office and file space for MRC auditors as well as considerable staff and computer time involved in various aspects of the audit.

Further information about the MRC's accreditation and auditing procedures can be obtained from the Executive Director, Media Rating Council, Inc., 420 Lexington Avenue, Suite 343, New York, New York 10170.
